NEW YORK, NY, UNITED STATES,

EINPresswire.com/ -- US Tamils are requesting that United Nations ambassadors and delegations watch the UK Channel 4 documentary, the "Sri Lanka's Killing Fields." The film

shows how ruthless, cruel and horrific current Sri Lankan President Gotabaya Rajapaksa was while serving as head of the Sri Lanka military.

We also ask the UN members to boycott his speech in the name of humanity, and to instead pray and honor the thousands of Tamil victims killed during Rajapaksa's command.

“

Rajapaksa used white vans to abduct Tamils, then used them to feed the sharks in the Indian Ocean, near Galle. This is the same place where Rajapaksa catches sharks for his meals.”

Rajapaksa used white vans to abduct Tamils, then used them to feed the sharks in the Indian Ocean close to the southern coast of Sri Lanka, near Galle. This is the same place where Rajapaksa catches sharks for his meals.

Gotabaya Rajapaksa is a twisted and monstrous human being. Any UN members who care about human rights should boycott his speech.

As a result of Rajapaksa's actions, 146,000 Tamils were massacred, 80,000 widows and 50,000 orphans were created, and over 25,000 persons have gone missing. This all happened under his military leadership in 2009.
