

# OffGamers Partners With Gamigo: Reigniting The Love For MMORPG

*OffGamers Partners With Gamigo:  
Reigniting The Love For MMORPG!*

SINGAPORE, September 21, 2021 /EINPresswire.com/ -- In a newly established partnership, [OffGamers](#) and [Gamigo](#) are bringing the Steam versions of Archeage Unchained and [Trove](#) to a bigger audience. Two more MMORPGs to explore!

MMORPGs (Massively Multiplayer Online Role-Playing Game) bring life and adventure to be had by gamers everywhere. Every experienced

MMORPG player knows how addictive these games could be as they bring in whole new worlds and experiences that are hard to come by in real life. It is a place to escape from daily routines and even a place where players could befriend others who lend a listening ear while fighting through hordes of enemies together. One can turn to MMORPGs to explore new worlds, craft items, save lives, and more with the freedom to be whomever, whatever. This freedom of choice is what makes MMORPG a beloved genre.

“

We are excited to collaborate with Gamigo in bringing more MMORPGs to a wider audience. We are thrilled to offer these two game titles for gamers to enjoy.”

*Leonard Chee, CEO of  
OffGamers*

This is why bringing in Trove and Archeage Unchained to a wider audience is a great way to familiarize them with the in and outs of MMORPGs, especially if they're new to the genre. Trove features a voxel-like world and characters, similar to Minecraft whilst Archeage Unchained brings a rather realistic 3D world to life for us to experience.

With these two games, both companies are here to let you

know that MMORPGs can be a place of wonder and excitement that should be shared with more gamers everywhere.
