

Facility Management Services Market in Taiwan Anticipated to Reach \$14,338.4 Million by 2030

The factors such as increase in industrialization and urbanization, surge in residential and non-residential construction & protection of assets drive the market

PORTLAND, OR, UNITED STATES,
September 21, 2021 /

EINPresswire.com/ -- A rise in adoption of [facility management services](#) such as cleaning, security, janitorial services, and catering services in commercial and industrial applications, fuels the

growth of the Taiwan facility management services market. Taiwan facility management services market are widely adopted in industrial and commercial sectors. An adoption of facility management services such as security, cleaning, and electrical services, and HVAC systems, in malls, government buildings, and offices, fuels the Taiwan facility management services market growth.

The Taiwan facility management services market size was valued at \$8.3 billion in 2020, and is projected to reach \$14.3 billion by 2030, registering a CAGR of 5.7% from 2021 to 2030.

Further, rise in spending on residential and infrastructure construction projects are expected to fuel the development of the market. For instance, the China government spending on construction sector in Taiwan grew by over 30% from 2014 to 2018. In addition, a rise in consumer awareness towards green buildings and growth in travel and tourism industry are expected to drive the growth of the Taiwan facility management services market.
