The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its

independent small businesses. Intuit, Zappos, Under Armour, Microsoft, Patagonia and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"We are honored to be recognized by this prestigious outlet and list for the incredible growth our company has experienced throughout the past three years," said Michael Rollins, Valeo Groupe Americas' Founding Partner and CEO. "This recognition is a testament to the incredible talent and hard work of our team members and we couldn't be prouder of them."

Together, those companies added more than 610,000 jobs over the past three years.

##### Methodology

Companies on the 2021 Inc. 5000 are ranked according to percentage revenue growth from 2017 to 2020. To qualify, companies must have been founded and generating revenue by March 31, 2017. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2020. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2017 is \$100,000; the minimum for 2020 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to three decimal places. There was one tie on this year's Inc. 5000. Companies on the Inc. 500 are featured in Inc.'s September issue. They represent the top tier of the Inc. 5000, which can be found at <http://www.inc.com/inc5000>.
