

Coquitlam gets World-class Abacus Math Training Location for Children

UCMAS, known globally for its Abacus Mental Math program has expanded its presence in British Columbia by starting a new centre in Coquitlam

RICHMOND, BC, CANADA, September 22, 2021 /EINPresswire.com/ -- Universal Concept of Mental Arithmetic System ([UCMAS](https://www.ucas.com)), known globally for its Abacus Mental Math program has expanded its presence in British Columbia by starting a new centre in Coquitlam. The Grand Opening ceremony on 19-Sep-2021 was graced by Coquitlam City Councillor Dennis Marsden, Coquitlam Franchise owners Divya & Sriram and BC Master Franchise representatives Binu & Krishna.

During the [opening weekend](#), UCMAS Coquitlam conducted an “Information Session” with parents on how they can improve their child’s academic performance with the help of Abacus training. Parents from the Tri-cities were amazed to see the live demo presented by current UCMAS students. The response to the UCMAS program is encouraging as many are coming forth with inquiries & enrolments. Students were given a free Abacus kit in the program as an introductory promotional offer.

“

The mental math program offered by UCMAS has enabled my children to develop a life skill that will benefit them in many areas.”

Janice , Parent

Councillor Marsden emphasized that fact: “We need business like this to help our kids come through the system, to feel more confident and to learn these skills”.

Several dignitaries from Coquitlam have come forward to support UCMAS Coquitlam and are delighted to see a globally established program offer Abacus math education to children in local communities.

Sriram, the Coquitlam centre owner indicated that “We are really looking forward to grow this in the Tri-cities, give back to the Community we live in by enabling kids to become more self-confident through our program”

Megha Karia, CEO – UCMAS USA & Canada could not travel from Ontario due to pandemic but had a very important message: “UCMAS has more than 100 centers in North America and with the opening of its fifth centre in British Columbia, UCMAS has shown its commitment to the community in this region.”

Krishna, UCMAS BC Master Franchise supported this effort: “We are delighted to be in Coquitlam and are looking forward to empowering the children with better skills and much-improved self-confidence to excel. We invite parents to have a [one-on-one chat](#) with us and know how UCMAS can make a world of difference in their child’s life”.

About UCMAS:

Set up in 1993 in Malaysia, UCMAS has been offering Abacus-based mental math education for the past 25+ years and has successfully trained 3million+ children worldwide. UCMAS is a unique and scientifically proven brain development after-school program that trains children in the age group between 5 and 13 yrs. This program uses an ancient tool named abacus and mental math as a medium and is currently operational in over 80 countries with more than 6,000 centers. Along with strengthening math skills & whole brain development, the program establishes foundational building blocks like
