*The Business Research Company's Gluten Free Food Global Market Report 2021 : COVID-19 Growth And Change*

LONDON, GREATER LONDON , UK,  
September 22, 2021 /

EINPresswire.com/ -- According to the new market research report 'Gluten Free Food Global Market Report 2021: COVID-19 Growth And Change' published by The Business Research Company, the [gluten free food market](#) is market is expected grow from \$4.84 billion in 2020 to \$5.21 billion in 2021 at a compound annual growth rate (CAGR) of 7.6%. The growth is mainly due to the companies resuming their operations and adapting to the new normal while recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$6.96 billion in 2025 at a CAGR of 8%. The rising incidence of IBS and celiac diseases is projected to boost the demand for gluten free food over the coming years.
