

# Cloudways Releases Performance-Based Test Results of the 15 Fastest WordPress Themes

*Cloudways has released performance-based test results of the fastest WordPress themes backed by comprehensive testing and reviews*

MOSTA, MALTA, September 22, 2021 /EINPresswire.com/ -- [Cloudways](#), in a bid to help their users and readers make informed decisions, has gone through the painstaking task of reviewing and testing the [15 fastest WordPress themes](#) and has now released the results.

15 Fastest WordPress Themes benchmarked by Cloudways

Millions of websites use WordPress themes to design their websites, but choosing the best may be a difficult task. Hence, the Cloudways team came together to not only test the fastest themes but also benchmark each theme so users can make informed and analytical decisions.

“

With Cloudways and the right theme, users can turbocharge their websites and deliver extraordinary experiences to their customers.”

*Saad Khan*

“With hundreds of thousands of WordPress themes in the repository, it can be difficult to choose the right one. We decided to pick the top ones and put them through their paces, and have now released the results,” said Saad Khan, Associate Vice President of Marketing at Cloudways. “This high-level of testing, using the right tools, and presenting the results in an easy-to-understand format will make it extremely easy for anyone looking for a fast WordPress theme to pick one from our list and get to work without worrying about performance issues.”

With the right theme, users can deliver their services or content with remarkable visual presentation. But since these play a crucial role in the website’s speed, it’s important to pick a light and performance-focused theme.

Each WordPress theme was subjected to high-level testing hosted on top of [Cloudways’](#)

[managed WordPress hosting](#), which is built for high-performance and scalability, resulting in WordPress themes that perform exceptionally well when compared to other hosting solutions.

With Cloudways and the right theme, users can turbocharge their websites and deliver extraordinary experiences to their customers.

About Cloudways:

Founded in 2012, Cloudways is an intuitive, one-click managed cloud hosting platform that hosts over 50,000 servers globally. Ecommerce stores, design agencies, developers, and bloggers use Cloudways to host their websites on top of the world's most reliable cloud infrastructure providers, including DigitalOcean, Vultr, Amazon, Google, and Linode. The bootstrap-funded platform features a web app management function that easily launches cloud servers for the deployment of WordPress, Magento, and PHP-based applications.
