KANSAS CITY, MISSOURI, USA, September 22, 2021 / EINPresswire.com/ -- Dr. Michael Freeland of Lawrence Kansas hosted his Mental Real-of-State conference in Kansas City, MO on Saturday, September 18th, 2021 at the Airport Hilton. The multi-function event centered around his Mental Real-of-State initiative during the day and at night celebrated his 30 years in the disc jockey business.

Mental Real-of-State, a term coined by Dr. Freeland, focuses on mindset and the ability to overcome challenges.

Earlier this month, Dr. Freeland was invited by KC RARE to speak to various medical professionals at KU Medical Center about his experiences with Milroy's disease. He talked about the challenges of living with the disease and the mindset (Mental Real-of-State) it took to endure the various surgeries and treatments.

Having lived with Milroy's disease his whole life, Freeland uses the lessons he's learned to provide move-ahead strategies for others during his conferences, workshops and seminars.

Freeland featured a number of international speakers and trainers at his Mental Real-of-State conference in Kansas City. The lineup included Dr. Christine Roberts Kozachuk, Dr. Lotus Riche, Dr. Traci Ward, Veronica Byrd, Dr. Greg Dillon, Cicone Prince and Wendell Graham. The keynote speaker was Dr. Ruben West from Bloomington, Illinois. Dr. West was one of several individuals honored by Dr. Freeland with the Global Mental Real-of-State award.
