#### COVID-19 Scenario Analysis

- The COVID-19 pandemic is impacting society and the overall economy globally. The effect of this pandemic is increasing day by day as well as affecting the supply chain.
- The COVID-19 crisis is making uncertainty in the stock hearables market trends, immense slowing of the supply chain, falling business confidence, and increasing panic among the customer segments.
- The overall impact of the pandemic is impacting the production process of several industries, including semiconductor, electronics, and many more.
- Trade barriers are further constraining the demand and supply outlook. As governments of different areas have already announced total lockdown and temporarily shutdown of industries, the overall production process is adversely affected.
- However, the introduction of advanced software solutions will be an instrumental factor in influencing the growth of the hearables market forecast post pandemic.
