LONDON, GREATER LONDON , UK, September 25, 2021 /

EINPresswire.com/ -- According to the new market research report 'Household Type Fans Global Market Report 2021 : COVID-19 Impact And Recovery' published by The Business Research Company, the [household type fans market](#) is expected to grow from \$17.45 billion in 2020 to \$19.11 billion in 2021 at a compound annual growth rate (CAGR) of 9.5%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$26.89 billion in 2025 at a CAGR of 9%. Rise in disposable income increased the purchasing power of the people which in turn has increased the market for household fans.
