“Our schools are back in session for in person learning, and we offer parents many best-in-class Fremont preschool options,” explained Harpreet Grewal, director of Learn and Play Montessori. “Accordingly, we have updated our online information so that Fremont parents can find the location nearest them, whether that is our Niles location in North Fremont or our new South Fremont campus. Our goal is always to match the child to the best

location for him or her and parents.” Fremont Montessori

Parents are encouraged to visit the website, click on the “locations” tab and explore the location that best fits their needs. For example, parents who live or work in or around the newly updated Niles location can visit <https://www.learnandplaymontessori.com/niles-fremont/>. That page explains the Niles Montessori program and has other information about the Niles school. Alternatively, parents who live or work in South Fremont, as in the Irvington or Warm Springs location, can check out their newest Montessori program at <https://www.learnandplaymontessori.com/south-fremont/>. All schools offer a full range of Montessori-inspired learning opportunities for children from daycare through preschool to kindergarten. Those who want to dig into what Montessori is can read about it at <https://www.learnandplaymontessori.com/montessori-method/>. In all cases, parents are encouraged to call the school of their choice. Not all schools have open enrollments as space and enrollments do change. However, the staff will work hard to put parents on a waiting list, if

necessary. Parents who want to enroll their children in online Montessori can also visit <https://www.learnandplaymontessori.com/online-learning/> as the school offers online preschool and kindergarten programs that have proven very popular during recent times.

MONTESSORI PROGRAM OPTIONS FOR FALL 2021

Here is the background on this release. Parents in California want the best for their children. Despite recent events, the long-term goal remains clear: establish a lifetime love of learning and set the foundations for learning success, especially in STEM (Science, Technology, Engineering, and Math). Fortunately, Learn & Play Montessori offers best-in-class Montessori programs for toddlers to preschoolers, and preschoolers to kindergarten. Many parents enroll their children as soon as they are “potty trained,” and these children continue in the program through the best-in-class private kindergarten. The school has locations not only in Fremont but also in Danville and in Dublin, thus making it one of the largest Montessori programs in the East Bay. Interested parents are urged to contact the school location for more information.
