

The Mesothelioma Options Help Center of Ohio Endorses The Steinberg Law Group as the Best Mesothelioma Law Firm

The Mesothelioma Options Help Center of Ohio Endorses The Steinberg Law Group as the Best Mesothelioma Law Firm - Experience/Resources/Results

ASHTABULA, OHIO, USA, September 24, 2021 /EINPresswire.com/ -- The [Mesothelioma](#) Options Help Center of Ohio is dedicated to providing the best possible legal and medical assistance to those stricken with mesothelioma or [asbestos](#)-related lung cancer. Anyone wishing to discuss their legal and/or medical options should call (888) 891-2200 to speak directly with an attorney from The [Steinberg](#) Law Group.

Asbestos was used in the construction world for decades.

The Mesothelioma Options Help Center of Ohio has endorsed The Steinberg Law Group because of their vast experience in handling mesothelioma and other asbestos-related cases. With offices in New York, California and Texas, The Steinberg Law Group has a national footprint that helps win the best possible financial compensation for clients.

Typically, asbestos exposure will have occurred sometime between the 1950s and the 1980s. Some of the most prevalent professions that encountered large quantities of asbestos include power plant workers, maritime workers, industrial workers, plumbers, pipefitters, electricians, mechanics, machinists, miners, railroad workers and construction workers, to name a few. Since the latency period for mesothelioma patients is approximately 40 years, most people diagnosed with mesothelioma or asbestos-related lung cancer in 2021 were exposed decades ago.

Although Ohio does not contain any naturally-occurring asbestos deposits, asbestos can still pose a major threat for residents of the state due to its abundant use in the workplace during the twentieth century. As a manufacturing hub of the United States, Ohio was home to many companies whose widespread use of asbestos exposed thousands of Ohioans to asbestos for

decades.

Jobsites and locations with known asbestos exposure in Ohio include, but are not limited to, NASA Glenn Research Center, Akron Children's Hospital, Akron City Hospital, Akron General Hospital, Peoples Hospital, Akron Steel Treating Plant, Akron University, Gorge Powerhouse, Alliance Research Center, Mount Union College, Ashland College, Ashland High School, Ashland University, Ashtabula General Hospital, Ashtabula Powerhouse, Ashtabula Scrap & Reclamation Plant, Great Lakes Engineering Works Shipyard, Athens State Hospital, Ohio State University, Avon Lake Power Plant, Ann Dean Farm, Barberton Citizens Hospital, Barberton High School, Paul Henry Ice Plant, Bedford High School, Hawthorne Valley Club, Beverly Powerhouse, Bluffton College, Bowling Green State University, Broadview Heights Hospital, Tidd Plant, Cardinal Powerhouse, Cambridge State Hospital, Salt Fork State Park, Apple Creek State Hospital, Aultman Hospital, Bell Stone School, Canton South High School, Cloverleaf High School, Dover Library, Dunlap Hospital, New Philadelphia School, Mansfield Hospital, Longcoy Elementary School, Lima State Hospital, Kent State University, Holmes East High School, H. A. Preston School, Reynolds Memorial Hospital, Stark County Jail, St. Thomas Aquinas High School, St. Joseph Hospice, St. Thomas Hospital, Timken Mercy Hospital, Tuscarawas Valley High School, Wooster College, Ross County Medical Center, Butler County Jail, Cincinnati City Hall, Cincinnati Country Club, Cincinnati General Hospital, Crest Hills Junior High School, East Evanston Elementary School, Raymond Walters College,

Inhaling one fiber of asbestos is enough to cause mesothelioma decades later.

Pipefitters are at a higher risk of exposure to asbestos than most due to the hands-on nature of the job.

Known companies with asbestos exposure in Ohio include, but are not limited to, Philip Carey Manufacturing Corporation/Rapid American, North American Refractories Company (NARCO), Republic Powdered Metals, Reardon Company, Dana Corporation, Owens-Corning Fiberglass Corporation, Owens-Illinois, Inc., Scotts Company, Wheeling-Pittsburgh Steel, AK Steel Holding Corporation, LTV Steel, Ohio Cast Products, Stark Ceramics, Electrode Corporation, American Ship Building Company, Coleman Trucking, Inc., Railroad Friction Products Corporation, Republic Services/Allied Waste, Apex Manufacturing, National Cash Register Company (NCR Corporation), Kaiser Aluminum Fabricated Products, H&M Demolition Company, Hoerner-Waldorf Corporation, Laskin/Poplar Oil Company, Mansfield, Honey Creek Contracting Company, Weirton Steel, Kelsey-Hayes Company, Dayton Power and Light Company, Oberle Jordre Company, Monsanto Chemical Company, U.
