"This book is all about warm feelings and self-discovery, a journey of new beginnings and new love, set in the friendly small town everyone dreams about," says Hot Tree's acquisitions editor, Olivia Ventura. Readers who like anxious, adorable coffee shop owners and loyal, strong handymen, will adore Linc and Nate.

"Here in this man's arms, Nate felt safe, warm, and grounded in a way he hadn't for such a long time. For once, Nate was glad he wasn't facing Linc, because he wouldn't be able to hide the softness in his expression for anything. His heart lurched with the realization that in a few short weeks he had well and truly fallen for Linc." - from "Stronger Than Hope"

Fresh out of a relationship, Nate's searching for a change—what better way is there than renovating his uncle's old coffee shop in Chesapeake City? He has a new job, in a new town, and a new lease. And when he almost runs over his hot neighbor, Linc, who happens to be his contractor? Well, based on the explosive attraction between them, maybe he'll find something new there too.

"My Chesapeake Days series was born out of needing something bright to work on during the pandemic. However, Linc and Nate's story got a little more real for me after experiencing a life-threatening delivery when having my daughter last year," said author Katherine McIntyre. "Linc finding a way to move past the loss of his wife in childbirth as a single dad allowed me to explore some of the genuine fears I'd experienced for my husband and kid in the process, and I hope this story leaves you with the same message of hope amidst strife that it did for me."
