

Oncology Data Advisor Announces Formation of Editorial Board

UNITED STATES, September 28, 2021 /EINPresswire.com/ -- Oncology Data Advisor™, a multimedia site that publishes expert perspectives, news, and original research to foster improved understanding of emerging data in oncology, has announced the addition of an editorial board that will help plan and create relevant content for the multidisciplinary cancer care team.

The new editorial board consists of renowned experts in oncology research and care:

[Thomas Abrams, MD](#) (Editor in Chief), Assistant Professor of Medicine at Harvard Medical School; Senior Physician at Dana-Farber Cancer Institute; Director of the Liver Cancer Task Force at Harvard Cancer Center

Sara Hurvitz, MD, Professor of Medicine and Director of the Breast Cancer Clinical Research Program at the University of California, Los Angeles (UCLA); Medical Director of the Jonsson Comprehensive Cancer Center Clinical Research Unit; Co-Director of the Santa Monica UCLA Outpatient Hematology/Oncology Practice

With their guidance, we can further our mission of publishing content that will foster improved understanding of current trends, emerging data, and new opportunities in oncology clinical care."

Melissa Cutrona, General Manager of i3 Health

**ONCOLOGY
DATA ADVISOR™**

Oncology Data Advisor™ (OncData) strives to deliver up-to-date, well-informed content spanning new drug approvals and cutting-edge scientific breakthroughs, to interviews and commentary from leading experts in the oncology field.

Ulka Vaishampayan, MD, Professor of Internal Medicine and Director of the Phase 1 Program at the University of Michigan Rogel Cancer Center

Mikel Ross, MSN, RN, AGPCNP-BC, OCN®, CBCN®, Nurse Practitioner at Memorial Sloan Kettering Cancer Center

Maria Badillo, MSN, RN, OCN®, CCRP, Research Nurse

Manager in the Mantle Cell Lymphoma/Myeloma Department at the University of Texas MD Anderson Cancer Center

"As a leader in medical news and commentary for oncology providers, Oncology Data Advisor will derive tremendous benefit from the direction of our new Editor in Chief and editorial board," said Melissa Cutrona, General Manager of [i3 Health](#), publisher of Oncology Data Advisor. "With their guidance, we can further our mission of publishing content that will foster improved understanding of current trends, emerging data, and new opportunities in oncology clinical care among the multidisciplinary health care team."

With a large audience of hematology/oncology physicians, nurses, nurse practitioners, physician assistants, and pharmacists, Oncology Data Advisor publishes breaking news stories, expert perspectives, and original research spanning all aspects of oncology care. The editorial board will help provide direction for Oncology Data Advisor's content by identifying key topics of interest in oncology research, sharing their perspectives on the practical application of groundbreaking data in clinical practice, and collaborating to deliver a high-quality product to readers and ensure the journal's successful growth.
