

Soaring Adoption of Commercial Infrastructure is to Provide an Impetus to the Growth of the Aluminum Curtain Wall Market

According to Fact.MR, from 2016-2020, sales of aluminum curtain walls surpassed a market value of nearly US\$ 31 Bn in 2020, expanding at a CAGR of around 9%.

DUBAI, IRELAND, UNITED ARAB EMIRATES, September 28, 2021

/EINPresswire.com/ -- The aluminium curtain wall revenue surpassed a market value exceeding US\$ 33 Bn in 2020, according to Fact.MR. Aluminum curtain wall's sustainability and durability is driving the sales for the industry.

Thus, in the forecast period, the aluminium curtain walls industry is expected to surpass a CAGR of 10% by surpassing a market value of US\$ 82 Bn from 2021 to 2031.

Key Points Covered in Aluminium Curtain Wall Industry Analysis

- Market estimates and forecast 2016-2031
- Key drivers and restraints impacting market growth
- Segment-wise, Country-wise, and Region-wise Analysis
- Competition Mapping and Benchmarking
- Market Share Analysis
- Key Product Innovations and Regulatory Climate
- COVID-19 Impact on Aluminium Curtain Wall Market and How to Navigate
- Recommendation on Key Winning Strategies

According to Fact.MR, from 2016-2020, sales of aluminum curtain walls surpassed a market value of nearly US\$ 31 Bn in 2020, expanding at a CAGR of around 9%.

Competitive Landscape

Innovation and development of longer renovation cycles of products are expected to shape the competition among market players as customers are looking for permanent solutions in

aluminium curtain wall products in the market.

The market includes the presence of large-scale and medium-scale [aluminum curtain wall manufacturers](#). The major players include Alumil Aluminium Industry S.A.; EFCO Corporation; GUTMANN AG; HansenGroup Ltd.; and Kawneer Company, Inc. These companies are making huge investments in research and development for introducing eco-friendly systems.

Furthermore, they are emphasizing on strengthening their regional presence by collaborating with other companies for augmenting their market presence and achieving a competitive edge. For instance, in 2017, Apogee Enterprises, Inc. completed the acquisition of EFCO Corporation to enhance its growth strategies, increase its presence in the mid-size commercial buildings segment, extend its product offerings, and expand its geographic presence across the U.S.

Additionally, the acquisition enabled EFCO Corporation to capitalize on the market, product, and operational opportunities.

In addition, increasing [demand for energy efficient solutions](#) for commercial and public infrastructures has spurred demand for aluminium curtain walls. Thus, the market is expected to expand at a CAGR close to 10%, generating market revenue worth US\$ 82 Bn by 2031.

Aluminium curtain walls are gaining importance as they are sustainable and environmentally friendly. In addition, governments of developing regions are focusing on reducing carbon emission and deducting operational costs.

Segments Covered in the Report

This report forecasts revenue growth at global, regional, and country levels and provides an analysis of the latest industry trends in each of the sub-segments. For the purpose of this study, Grand View Research has segmented the global aluminum curtain wall market report based on type, application, and region:

Type Outlook

- Stick-built
- Semi-unitized
- Unitized

Application Outlook

- Commercial

- Residential

Regional Outlook

- North America
- Latin America
- Europe
- East Asia
- South Asia
- Oceania
- Middle East & Africa

Key Takeaways of Aluminum Curtain Walls Market Study

- Commercial applications of aluminum curtain walls account for 73% of the total revenue
- Stick-built curtain walls to yield around 25% of total revenue
- Unitized aluminum curtain walls are poised to hold 2/3rd of total market demand
- Residential applications will likely register 2.7x growth until 2031
- East Asia leads global sales with over 1/4th share of the total market value
- U.S to account for 3 out of 10 aluminum curtain wall sales, growing at 8% CAGR
- India and China to emerge as potential expansion hotspots for prominent manufacturers
- Semi-unitized aluminum curtain walls to expand at a CAGR exceeding 10% through 2031

“Aluminum is a sustainable material which works in favour of manufacturers. However, the competitive landscape will be shaped by market players that adapt to the rising need for energy efficient infrastructure and cost-efficient installations.” says the Fact.MR Analyst
