

Dynamics TMS® Transportation Management Solution Is Now Available in Microsoft's AppSource Solutions

We are pleased with our new status which accelerates opportunities to provide leading transportation technology to even a larger base of Dynamics ERP customers.

INVERNESS, IL, USA, September 28, 2021 /EINPresswire.com/ -- [Next Generation Logistics, Inc.](https://www.nextgenlogistics.com/) (NGL) a leading provider of transportation management software, managed freight services, and supply chain consulting, announced it's [Dynamics TMS®](#) Transportation Management Solution is now available in Microsoft [AppSource](#).

"We are very excited that today, along with Microsoft Corporation, our technology partners, and with the introduction of Dynamics TMS® Transportation Management Solution now available in Microsoft AppSource, we are bringing to our customers new, agile, cost effective, enterprise-ready intelligent business apps." – Ari Smith, CEO

With multiple licensing options, Dynamics TMS® version 8.4.0 supports the latest releases of on-premise, private, and public cloud versions of Microsoft Business Central. based transportation management solution for the shipping community.

Dynamics TMS® is a complete enterprise transportation management planning and execution suite that enables transportation professionals to make effective and efficient business decisions. Dynamics TMS® can be quickly deployed, whether you choose our On Premise model or Hosted on demand model to manage a single company or multiple divisions and can generate an ROI within months.
