

Superhairpieces resumes Canada salon appointments for hair system installations

Superhairpieces is accepting salon appointments for hair system installations again following the hair system supplier's move to a new office in Mississauga.

MISSISSAUGA, ONTARIO, CANADA, September 29, 2021 / EINPresswire.com/ -- Superhairpieces is accepting salon appointments for hair system installations again.

Superhairpieces salon appointments are now open

Earlier this month, the hair system supplier and manufacturer completed its move to a new and improved Canada office located at 7295 Rapistan Ct in Mississauga, Ontario.

Gearing up for the move, Superhairpieces temporarily paused hair system installations at their old 215 Traders Blvd location. Salon appointments had resumed in July following the lifting of COVID-19 restrictions in Ontario.

“

We are also offering customers incentives in exchange for having us shoot the whole experience. If you are interested, please mention this when booking your appointment.”

However, hair system wearers and clients can now get their toupees, wigs, hair toppers and more installed by a Superhairpieces stylist at the new location as of Tuesday, September 28, 2021.

Appointments can only be made by calling Superhairpieces Canada at 1-866-814-7879. While this will change in the

future, Superhairpieces is currently only accepting appointments for Tuesdays.

“Our appointment slots are filling up very quickly. I would advise those who are interested in booking an appointment with us to do it several weeks in advance,” said Ryan Liu, customer success manager at Superhairpieces. “If you are a first-time client who has never had any experience with hair systems, it is also a very good opportunity to learn about how to install hair

systems properly.

“We are also offering customers incentives in exchange for having us shoot the whole experience. If you are interested, please mention this when booking your appointment.”

Additionally, clients can be recruited as models to not only receive incentives for various videos being shot, but to also be the first to test out and wear the latest Superhairpieces hair systems.
