

## CB Nighttime offers CBN Sleep Aids

*If you are one of the millions not getting enough good sleep, CB Nighttime may have a solution.*

LAS VEGAS, NEVADA, USA, September 29, 2021 /EINPresswire.com/ -- If you are one of the millions not getting enough good sleep, CB Nighttime may have a solution.

According to the CDC, nearly 70 million Americans suffer from chronic sleep problems. Lack of sleep is associated with injuries, chronic diseases, mental illnesses, poor quality of life and well-being, increased health care costs, and lost work productivity. Sleep problems are major contributors to some chronic conditions, including obesity and depression, but are rarely addressed.

CB Nighttime CBN Sleep-Aids are made with CBN which is the abbreviation for cannabitol, a non-intoxicating minor cannabinoid that's naturally found in the hemp plant

"We are offering a 4 night trial packet to introduce you to the product, because you will know in a day or two if these CBN gummies are right for you. The first night I tried one of the CBN gummies, the taste was excellent and chewable, unlike some other gummies that are like rubber. But the real joy was waking up the next day after getting more than 6 uninterrupted hours and feeling good. I was thrilled," said Tim Morales, CEO of Hemp CR Inc. "I knew we had to add these to our line of products."

For more information please visit their website <https://www.cbnighttime.com>  
CB Nighttime is part of the Hemp CR Inc family of products.
