

Sermons with Insight

The sermons and lectures in this book are not only substantial but also engaging.

PITTSBURG, CA, USA, September 29, 2021 /EINPresswire.com/ -- Sermons with Insight is a collection of sermons from retired Lutheran minister Roland Zimany. Published by First Edition Design Publishing, the book is a testament to Zimany's expertise in biblical scholarship and theology. William H. Williman, a professor from Duke Divinity School, describes Zimany as a theologically well-informed, biblically adept, gifted communicator of the [Christian](#) faith.

The sermons contained in the book are from Zimany's time as a Lutheran minister. Zimany offers alternative approaches to reading the scriptures at times inconsistent with fundamentalist interpretations. When the Bible is read using a western lens, readers will be prone to misreading and misinterpretations; in some cases, certain passages might even be deemed incomprehensible. These issues are addressed in the book; Zimany examines the historical and cultural context behind some of the important words in the Bible. At times, the sermons in the book urge the need to read certain passages on a symbolic level.
