

" STAIRWAY TO THE STARS " Starring: Sean Young & Quinton Aaron

LOS ANGELES, CA, UNITED STATES, September 30, 2021 /EINPresswire.com/ -- Writer/Director Lorenzo DeStefano based his new narrative short film, "Stairway to the Stars", on a real incident that he witnessed when he first moved to Hollywood from Honolulu, of an older woman and an overweight young man climbing a set of steep outdoor steps in the Hollywood Hills, bickering at each other the whole way up.

Produced as a One-Act play in 2019, the film version of "Stairway to the Stars" explores the complex relationship between friends who are enemies and enemies who are

friends. Lavergne is an aging actress on the verge of mental and physical collapse. Tony is a young gay man of blind ambition and ample proportions who has vowed to save her life. The complex relationship between this oddest of odd couples is humorous, tragic and deeply touching, revealing itself between the bottom of the stairs and the top.

DeStefano's film is a tribute to Nathanael West's "Day of the Locust", the plays of Samuel Beckett, and to the countless two-reel comedies shot in these very hills over 100 years ago. The line Producer is Andis Solomon. Executive Producers are Carole Joyce & Randell J. Brasher.
