“QualiTech Environmental is excited to welcome Connor back to the company as a full-time member of our team,” said QualiTech Environmental Operations Manager Josh Clifford. “During his time with us, Connor's eagerness to learn and ability to adapt to new experiences and grasp the knowledge were impressive. We can't wait to see the impact that he makes as we continue to grow and broaden the company's reach.”

Ploen served in a variety of roles through various internships with QualiTech Environmental including Environmental Response Technician, Quality Assurance

Analyst and Market Research Analyst. In these roles, he assisted in real response scenarios, training and exercises, manufacturing, marketing, as well as opportunities to network by attending trade meetings and open house industry forums.

“I am excited to return to QualiTech Environmental and to join the team in a full-time capacity,” said Ploen. “I have had an opportunity to explore the industry and to learn more about QualiTech Environmental's role in this exciting industry, and I have been eager for more. I am looking forward to the opportunity to grow in this industry and plan to be a part of the difference that QualiTech is making around the world.”

QualiTech Environmental, Inc. provides consulting, training, equipment and support to combat and remediate oil spills. The organization partners with a number of the leading equipment and service providers to deliver top-in-class, end-to-end solutions to the response industry.
