

ZE PowerGroup Named a Global Leader in Cloud Computing for the Third Year in a Row

Business Intelligence Group Recognized the Company's Phenomenal Efforts Yet Again at the 2021 Annual Stratus Awards.

RICHMOND, BRITISH COLUMBIA, CANADA, October 5, 2021

/EINPresswire.com/ -- The Business Intelligence Group has awarded [ZE PowerGroup](#) Inc. (ZE) a 2021 [Stratus Award](#) for Cloud Computing as a part of their annual business award program. The organization seeks to identify companies, products, and people that leverage cloud technologies to offer unique solutions.

[ZE Cloud](#) is an award-winning private cloud solution offering secure, efficient, fully automated data management services for enterprise clients. It provides all the hardware and pre-requisite software licenses (Oracle, etc.) required to support the target architecture and related services to ensure the ZEMA™ data solution is regularly monitored, updated, and optimized from a configuration

perspective.

“

ZE is at the forefront of the cloud helping to drive practical innovations in the cloud.”

Maria Jimenez, the Chief Nominations Officer of Business Intelligence Group

Composed of Hosted Services and Managed Services, ZE Cloud provides clients with a turn-key solution and ZEMA™ access. It is ideal for organizations requiring high-volume data aggregation and analytics with optimal security, flexibility, scalability, cost savings, and workflow control or customization.

“ZE is at the forefront of the cloud helping to drive practical

innovations in the cloud,” said Maria Jimenez, the Chief Nominations Officer of Business

Intelligence Group. “The cloud is now part of the fabric of our personal and professional lives, and we are thrilled that our volunteer judges were able to help promote all of these innovative services, organizations, and executives.”

“I am so proud of our employees and partners for their innovation and hard work. As a company, we are dedicated to providing best-in-class data management and cloud solutions for leading data-driven organizations worldwide. Hence, this recognition is truly an honour,” said Nader El-Ramly, Chief Product Officer at ZE PowerGroup.

“Our customers rely on ZE for their high-performing data management and analytics requirements by connecting traders, risk managers, and business analysts to ZEMA to gain insights and make informed business decisions. We congratulate other winners of the Stratus Awards who are transforming the world as we know it. I’m sure that our respective technologies will continue to lead the industry,” continued Nader.

About ZE PowerGroup (ZE) and ZEMA

Established in 1995, ZE aims to help clients be more efficient through information automation and superior services. ZE is the developer of ZEMA™, a comprehensive data integration and analytics platform for resolving data management and business process automation challenges. About Business Intelligence Group

The Business Intelligence Group (BIG) was founded to recognize true talent and superior performance in the business world. Unlike other industry and business award programs, business executives—those with experience and knowledge—judge the BIG programs. The

organization's proprietary and unique scoring system selectively measures performance across multiple business domains and then rewards those companies whose achievements stand above those of their peers.
