“

The access to clean air and clean water is a basic right.”

Park Won-soon

Twice a year you should clean your air ducts - Job Security
Did you know clogged Dryer Vents can be the leading cause of house fires - specialist needs to educate

Most overlook how important it is to clean air conditioning

ducts throughout a home or business. Jeff at Clean Quality Air is looking for 1 new specialist to ensure customers understand this missed fact! During this season of viruses, having a clean and sanitized ac duct system is vital at keeping everyone healthy! Many environmental studies have shown why it is so important to keep your air conditioning ducts clean! Allow Jeff with Clean Quality Air to clean ac ducts and educate everyone on how to keep them sanitized!

Attention Residents and Business Owners in South Florida! There has been a "MANDATE" in every county to clean your air ducts and dryer vents! This is critical for in-home air quality as well

as fire safety! Jeff reminds everyone he meets in Boynton Beach, West Palm Beach, and [Port St Lucie](#) why it is so important in the season of viruses to get their air ducts clean! Check out the Clean Quality Air website for several studies on the benefits of air duct cleaning! If a need air duct cleaning, mention this news report for a special discount! A New hire for Clean Quality Air would need to be able to travel from West Palm Beach to Port St Lucie.

Many people are unsure how often they should clean their air ducts. In the opinion of Jeff from Clean Quality Air according to his research, everyone should clean air ducts throughout home or business two times per year. This includes cleaning all dryer vents as well. AC vent cleaning promotes air quality and good health through clean air. Dryer vent cleaning ensures the resident does not go up in flames when using the drying machine! Call Jeff today if live in Port St Lucie, West Palm Beach, or Boynton Beach and need the best duct cleaning services!

Know that clogged dryer vents are the leading cause of house fires in America? How long ago did get the dryer vent professionally cleaned? Many people report their dryer taking multiple cycles to fully dry their clothes. A clogged dryer vent can happen to anyone so save money and keep peace of mind - call Jeff with Clean Quality Air today for a dryer vent cleaning throughout Boynton Beach, West Palm Beach, and Port St Lucie Florida. Having so many houses in the South Florida area, our new hire will be sure to have job security cleaning air ducts up and down Florida's southeast coast!

NEW PRODUCT LAUNCH! Ask Jeff about the HALO UV Sanitizer now available for installation in air conditioning units. New hires will need to know all about this product and be trained on the installation of it.

To apply for the job, please call Jeff directly or send a text message regarding this matter.

Clean Quality Air is owned and operated by Jeff. Dedicated to South Florida, Jeff found that many residences and places of business have neglected their duties to clean air conditioning ducts and dryer vent ducts. Learn why it is important and speak to Jeff about getting ac vents & dryer vents cleaned today!
