

# Farm Tractors Market Analysis Power Output (<30 hp, 31-100 hp, 101-200 hp, and >200) By 2020- 2027

---

*The farm tractors market is segmented on the basis of drive type, system type, design type, power output, and geography.*

PORTLAND, OR, UNITED STATES, October 5, 2021 /EINPresswire.com/ -- The global agricultural industry witnesses production-specific concerns, owing to the increase in demand for food, population growth, water scarcity, inadequate arable land, and degradation of soil fertility. Therefore, there is a rise on the innovation in mechanization, which is projected to improve the efficiency of farmlands.

Increase in need for operational efficiency & profitability, rise in labor cost, and growth in trend of mechanization drives the market growth. However, high cost of farm machinery hinders the growth of the market. Advancement in technology is anticipated to provide growth opportunities to the market.

Download Report (310 Pages PDF with Insights, Charts, Tables, Figures) at <https://bit.ly/2YoCiWk>

The farm tractors market is segmented on the basis of drive type, system type, design type, power output, and geography. By drive type, the market is bifurcated into two-wheel drive and four-wheel drive. Based on system type, the market is classified into without loaders, front loaders, and backhoe loaders. By design type, it is divided into tractor without CAB and tractor with CAB. Based on power outputs, the market is studied across less than 30 hp, 31-100 hp, 101-200 hp, and more than 200 hp. Based on region, it is analyzed across North America, Europe, Asia-Pacific, and LAMEA.

Companies covered in this report study:

- Claas KGaA
- CNH Industrial N.V.
- AGCO
- Mahindra & Mahindra
- Deere
- Kubota
- Yanmar

- Tractors and Farm Equipment
- Zetor Tractors A.S.
- Alamo Group

Regions covered: North America (the U.S. and Canada), Europe (Germany, the UK, France, and rest of Europe), Asia-Pacific (China, Japan, India, and rest of Asia-Pacific), Latin America (Brazil, Mexico, and rest of LATAM) and The Middle East and Africa

#### Farm Tractors Market Key Segments:

##### By Drive Type

- Two-wheel drive
- Four-wheel drive

##### By System Type

- Without loaders
- Front loaders
- Backhoe loaders

##### By Design Type

- Tractor without CAB
- Tractor with CAB

##### By Power Output

- ≤30 hp
- 31-100 hp
- 101-200 hp
- 201-300 hp
- ≥300 hp

#### Key Benefits:

- This report provides an extensive analysis of the current and emerging market trends and dynamics in the global farm tractors market.
- In-depth analysis is conducted by constructing market estimations for the key market segments between 2016 and 2023.
- Extensive analysis of the market is conducted by following key product positioning and monitoring the top competitors within the market framework.
- Comprehensive analysis of all regions are provided that determines the prevailing opportunities in these geographies.
- Key market players are profiled and their strategies are analyzed thoroughly, which helps understand the competitive outlook of the market.
