“

Throughout the years the spa has built a base of loyal clientele and we've come to the point where demand for our services have outgrown our existing location.”

Mark Klausner, owner of Eagle Ridge Resort & Spa

“Throughout the years the spa has built a base of loyal clientele and we've come to the point where demand for our services have outgrown our existing location,” said Mark Klausner, owner of Eagle Ridge Resort & Spa. “The move and upgrading of the Stonedrift Spa are part of our multi-year plan to transform the resort into a true 21st century destination that is both luxurious and incredibly accommodating.”

Within the last several years, Eagle Ridge has renovated the Inn, the golf courses and the hotel's signature restaurant,

clubhouse, and pro shop. The Stonedrift Spa will be in the former location of Eagle Ridge's General Store, which is now located within the clubhouse complex. The old General Store

location/new Stonedrift Spa location will be completely remodeled with a 6,000-square foot addition to accommodate the new relaxation spaces, services and treatment rooms.

New Management, Direction

The new Stonedrift Spa will be run by Abbi Porter, a spa management professional who previously managed the spa for the Elms Hotel and Spa in Excelsior Springs, Missouri, as well as managed operations for Sephora.

Porter will guide the vision for the

updated spa, which will feature spacious and relaxing treatment rooms, advanced body treatments for men and women, and wellness classes.

The new Stonedrift Spa will have an entirely new look and aesthetic with high ceilings, and a light and airy feel.

“While at the Elms Hotel, I instantly fell in love with the spa industry,” said Porter. “I love everything about providing an exceptional client experience, and I’m looking forward to being an integral part of the growth and development of the Stonedrift Spa.”

The spa will have an entirely new look and aesthetic with high ceilings, a light and airy feel, and a mix of modern and natural furnishings made from raw wood and natural stone. The Stonedrift Spa is more than doubling the number of services it features, including:

- A new hair salon, including cut, color and blowout styles
- All-natural nail-care
- Dedicated space for brides and bridal parties on their special day
- Body treatments, both dry and wet rooms featuring a Vichy shower
- Unique wellness offerings including Reiki, Sound Healing and Forest Bathing to create a unique mind, body, and soul experience
- Complimentary yoga and stretch classes on the weekends
- Therabody treatments, which can be administered on the spa grounds or anywhere in the resort, including the golf courses
