I'm thankful for the opportunity to be flying the Pink WORKPRO colors on our 92 Chevy."

Josh Williams

Josh Williams who will be driving the No.92 hotrod for three races during October had this to say, "I'm thankful for the opportunity to be flying the Pink WORKPRO colors on our 92 Chevy. Working with the NBCF is an honor and what better fit for the pink line of tools the WORKPRO offers to support the foundation."

NBCF's mission is to help women now by providing help

and inspiring hope to those affected by breast cancer through early detection, education and support services. The NBCF message this year is RISE "Rally in Screening Everyone". To help raise awareness WORKPRO will sponsor pink themed cars in the upcoming races:

- -10/9 Charlotte Motor Speedway
- -10/16 Texas Motor Speedway
- -10/23 Kansas Speedway

"We believe the 'pink' line of tools sends an incredibly important message for awareness beginning this October during national 'Breast Cancer Awareness' Month," said Li Feng, Senior Vice President of Great Star Industrial USA, acknowledged the importance of his company's commitment in the helping NBCF in their mission to help and inspire hope to those affected by breast cancer through early detection, education, and support services.
