

Central Airspace Management Unit (CAMU) Market Application (Military, Commercial) Opportunity and Forecast 2021-2028

The global central airspace management unit market is segmented on the basis of end user and application.

PORTLAND, OR, UNITED STATES, October 7, 2021 /EINPresswire.com/ -- Central airspace management unit (CAMU) manages the functions of the slot allocation programmer along with managing the flexible use of airspace to enable military exercises & operations, unusual or special events, or any activities that might need the use of airspace for a particular time period. Moreover, CAMU is responsible for re-routing of traffic affected by adverse weather, and it balances demand against capacity using the air traffic flow management (ATFM) system after CDM with the appropriate aviation community members.

Key Market Players Profiled In The Report

- Thales Group
- Rohde & Schwarz (R&S)
- Metron Aviation, Inc.
- Glarun Group
- Deutsche Flugsicherung GmbH
- ATNS SOC Limited
- Honeywell
- Atech
- Indra
- Wisesoft

The growth of the global central airspace management unit market is driven by increase in airspace congestion, modernization of air traffic management infrastructure, and continuous development of airports infrastructure. However, failure of CAMU to manage traffic during peak hour and lack of skilled workforce limit the growth of this market. Increase in need for unmanned aircraft systems (UAS) traffic management is expected to provide numerous opportunities for the development of the market.
