

Vertebral Compression Fracture Devices What Market Growth is Meant for Adjacent Industries with Insights on Players

Vertebral compression fracture (VCF) generally occurs when the block-like part of a single bone of the spine (vertebra) is compressed due to trauma.

PORTLAND, OREGON, UNITED STATES, October 7, 2021 /EINPresswire.com/ -- According to the report by Allied Market Research, titled, "[Vertebral Compression Fracture Devices Market](#) by Product (Balloon Kyphoplasty Devices and Vertebroplasty Devices) and Surgery (Open Spine Surgery and Minimally Invasive Spine Surgery) - Global Opportunity Analysis and Industry Forecast, 2014-2022". The report provides a detailed analysis of changing market dynamics, top segments, value chain, key investment pockets, regional scenario, and competitive landscape.

The vertebral compression fractures devices market is driven by factors such as advent of minimally invasive spine surgery techniques and rise in incidence of osteoporosis and arthritis. In addition, rise in geriatric population, short recovery period, low risk of infection, and shorter hospital stay are anticipated to boost the demand for VCF devices, globally. However, risk of post-surgical complications and stringent regulatory approval process hamper the market growth.

Global Vertebral Compression Fracture Devices Market was valued at \$748 million in 2015, and is expected to reach \$1,109 million by 2022, supported by a CAGR of 5.7% during the forecast period 2014 - 2022

The emergence of percutaneous vertebral augmentation procedures pose lucrative opportunities for key players in the VCF devices market. Percutaneous vertebral augmentation is preferred to other conventional techniques because of the associated benefits such as immediate, long-term pain relief and ideal treatment modality for osteoporotic VCF.

Comprehensive competitive analysis and profiles of major market players, such as

Alphatec Holdings, Inc.

Benvenue Medical
Depuy Synthes (Johnson & Johnson)
Globus Medical, Inc.,
Medtronic plc
Orthovita, Inc.
Osseon LLC
Stryker Corporation
VEXIM SA
Zimmer Biomet Holdings, Inc.

Key Benefits For Stakeholders:

The study provides an in-depth analysis of the Vertebral Compression Fractures Devices Market along with the current trends and future estimations to elucidate the imminent investment pockets.

It offers Vertebral Compression Fractures Devices Market analysis from 2014 to 2022, which is expected to enable the stakeholders to capitalize on the prevailing opportunities in the market.

A comprehensive analysis of four regions is provided to determine the prevailing opportunities.

The profiles and growth strategies of the key players are thoroughly analyzed to understand the competitive outlook of the global Vertebral Compression Fractures Devices Market growth.

FREQUENTLY ASKED QUESTIONS?

Q1. What is the market value of Vertebral Compression Fracture Devices Market report in forecast period?

Q2. What would be forecast period in the market report?
