The products are cultivated, harvested, and processed in accordance with its vibrational structure not altered in a laboratory to mimic a nutrient. The Clearing Spray, Palm Purifier does not harm delicate immunity, as it does not consist of harsh unnatural, petrochemicals, that can strip both good and bad bacteria.

"I founded and formulated my skin care line to care for the skin's ultimate behavior by utilizing the efficacy of botanicals at 100% in synergies for a true holistic approach. Based on the science of plants and their affinity to the skin's elimination and renewal processes.

This unique and authentic hand sanitizer was consciously created ahead of its time in 2000. The design and intention was to purify without drying the skin or removing beneficial flora with synthetic chemicals or with hot, stripping essential oils, no matter how clean." -Julia Faller, Founder/Formulator

Benedetta's Clearing Spray Palm Purifier has been showcased on "Queer Eye For The Straight

Guy", after Bravo Network's show producers did an internet search for Organic Hand Sanitizers.

All Benedetta preparations are non-fragranced; the fresh and vital aromas are all active ingredients with precise, accurate percentages to affect the perfect union.
