Carefully consider the Fund's investment objectives, risk factors, charges and expenses before investing. This and additional information can be found in the Fund's statutory and summary prospectus, which may be obtained by calling (215) 882-9983 or by visiting www.MerlynETFs.com. Read the prospectus carefully before investing.

Investing involves risk, including the possible loss of principal. Shares of any ETF are bought and sold at market price (not NAV), may trade at a discount or premium to NAV and are not individually redeemed from the Fund. Brokerage commissions will reduce returns. Narrowly focused investments typically exhibit higher volatility. A portfolio concentrated in a single industry, such as the online retail industry, makes it vulnerable to factors affecting the industry. For additional risk disclosure, please visit the WIZ website <https://merlynets.com/wiz/>.

The Fund is distributed by Quasar Distributors, LLC.
