

Business Intelligence and Analytics Market Research Report by Product Cumulative Impact of COVID-19

The global Business Intelligence and Analytics market report discusses in detail the revenue and cost profit analysis of the prominent players of the market

SURREY, BRITISH COLUMBIA, CANADA, October 11, 2021 /EINPresswire.com/ -- The global Business Intelligence And Analytics Market is forecast to reach USD 60.49 Billion by 2027, according to a current analysis by Emergen Research. During the forecast period, the global business intelligence and analytics market is projected to expand significantly in terms of revenue due to growing demand for real-time data-driven decision-making solutions.

Due to rapid adoption of cloud technologies by end-users, the modern channel data delivery segment is expected to account for comparatively higher revenue share than other data delivery segments during the forecast period. This can be attributed to significantly high demand for cloud-hosted business intelligence and analytics solutions, which offer streamlined data exchange. Besides, rising need to identify customer behavior across various industries and sectors is expected to further fuel global business intelligence and analytics market growth during the forecast period.

Based on application, the business management segment is expected to lead in terms of revenue contribution to the global business intelligence and analytics market due to increasing implementation of business intelligence and analytics solutions in order to optimize business performance with efficient planning, budgeting, accounting, and forecasting. In the elaborated primary research method undertaken for this report, the primary sources Postal Surveys, telephone, Online & Face-to-Face Survey were utilized to attain qualitative and quantitative aspects of this research study. When it comes to secondary sources, we looked at the company's annual reports, press releases, websites, investor presentations, conference call transcripts,

webinars, journals, regulators, national customs, and industry associations.
