Lighthouse Autism Center's Champaign center will offer a unique ABA therapy model that fuses together the sciences of ABA and speech therapy. By blending multiple research-proven therapies into one powerful solution, Lighthouse Autism Center offers families the most complete and effective approach to autism treatment available.

“

Through our unique clinical model, children with autism receive the support they need to achieve the best possible outcomes.”

Gregg Maggioli, CEO

“We are thrilled to continue our mission of providing the highest quality autism services to children and families through our upcoming expansion to Illinois. The newest

center in Champaign will feature a state-of-the-art facility with a team of highly trained and passionate clinicians. Through our unique clinical model, children with autism receive the support they need to achieve the best possible outcomes in a beautiful environment designed to nurture their growth,” said Gregg Maggioli, co-founder and CEO of Lighthouse Autism Center.

The Champaign center is slated to open in December of 2021. The newest location will provide autism services to 26 children and their families and create over 35 new jobs in the area. To learn or more or inquire about enrollment, visit www.lighthouseautismcenter.com.
