AirRetailer, the Corporate Booking & Expense Management tool and NDCAggregator.com- the air content aggregator from AirRetailer, is IATA NDC Level 4 Certified.

ERNAKULAM, KERALA, INDIA, October 12, 2021 /EINPresswire.com/ --

AirRetailer, among first to receive DUAL IATA New Distribution Capability (NDC) Level 4 Certification on Schema 21.1

- AirRetailer, the airline retailing based Corporate Booking and Expense Management tool, as IT Provider, is NDC-Capable Level 4 on schema version 21.1.
- NDCAggregator.com- the air content aggregator from AirRetailer, is NDC-Certified Level 4 on schema version 21.1

Yanik Hoyles,
Director, Distribution IATA

“Congratulations to AirRetailer for achieving Level 4 NDC Certification on schema 21.1 both as an IT Provider and Aggregator.

As an NDC certified Aggregator and IT Provider, AirRetailer is helping airlines to redefine their distribution strategy by enabling full servicing and product differentiation across all channels while supporting the business travel value chain’s adaptation to the world of airline retailing.”

Multi-source(GDS+NDC+LCC) airline content in one screen

12 October 2021, Kochi, India: AirRetailer, specialized in Airline Retailing, NDC Offer & Order Management and multi-source airline content aggregation and normalization is one of the first to achieve Dual New Distribution Capability (NDC) certification on schema version 21.1 from the International Air Transport Association (IATA).

NDC (New Distribution Capability) is a travel industry-supported program launched by IATA for the development and market adoption of a new, XML-based data transmission standard to communicate between airlines and travel agents, directly or via aggregators. As of date, 102 airlines have been certified by IATA on different Levels.

IATA certifies AirRetailer, both as an IT Provider and as an Aggregator on Level 4 on schema

version 21.1.

Airlines optimally distribute their products and services through their own website channels and now adopting New Distribution Capability, the industry is looking forward to replicate the same functionality in indirect channels used by travel agents and other intermediaries.

Yanik Hoyles, Director, Distribution IATA said: "Congratulations to AirRetailer for achieving Level 4 NDC Certification on schema 21.1 both as

an IT Provider and Aggregator. As an NDC certified Aggregator and IT Provider, AirRetailer is helping airlines to redefine their distribution strategy by enabling full servicing and product differentiation across all channels while supporting the business travel value chain's adaptation to the world of airline retailing."

AirRetailer is helping airlines to redefine their distribution strategy while supporting the business travel value chain's adaptation to the world of airline retailing."

*Yanik Hoyles, Director,
Distribution IATA*

Sreejith Kunniyoor, AirRetailers' Vice President Products said "While AirRetailer is busy building an easily navigable, scalable end to end corporate booking and expense management tool, we are extremely proud to receive the dual NDC Level 4 certification from IATA as an IT Provider and Aggregator on the latest NDC Schema 21.1.

AirRetailer Corporate Booking and Expense Management Tool will be a simpler and seamless tool both for the

Corporate Travel and Spend Decision Makers as well as the end users while NDCAggregator.com will assist the Travel Management Companies to access aggregated and normalized airline content from GDS, NDC & LCC-based sources in one single screen".

The integration of IATA Financial Gateway (IFG) as a single universal payment orchestration platform to AirRetailer Corporate Booking and Expense Management tool and NDCAggregator.com helps streamline the payment process by facilitating acceptance and enabling increased travel payment processing flexibility for the world's airlines and travel suppliers to build a cost-efficient payment strategy that will help facilitate the industry's recovery.

The graphic is a 2x2 grid. The top row has two columns: 'IT Provider' with 'AirRetailer.com' and 'NDC CAPABLE IATA LEVEL 4' logo; 'Travel Aggregator' with 'NDCAggregator.com' and 'NDC CERTIFIED IATA LEVEL 4' logo. The bottom row has two columns: 'Corporate Booking & Expense Management Tool. For Corporates, TMC's and Airlines'; 'Multi-source (GDS+NDC+LCC) airline content aggregation & normalization platform. For Travel Agents to use their own credentials'.
