OXNARD, CA, UNITED STATES, October 26, 2021 /EINPresswire.com/ -- BOSS Audio Systems, a leader and innovator in 12 Volt aftermarket audio and video products, is offering a Harley-Davidson Front Speaker System, the BHD3F. The BHD3F (MAP: \$579.99) fits select 1998-2013 Electra Glide, 1998-2013 Road Glide, 2014+ Street Glide, and 2015+ Road Glide. Included in the system are a pair of full range and weatherproof 6.5" 2-Way speakers, model specific speaker grilles (excluding 1998-2013 Road Glide), and a Class D, 4 Channel 600w amp with model specific mounting tray and wiring harness.

"We are very excited to see people loving the BHD3F kit. This is one audio system that fits three different Harley-Davidson models will definitely save space on your shelves," said Greg Orlando, National Sales Manager. "The model specific speaker grilles match the fit and finish of each bike for a factory look and feel, and the opening price point makes it accessible to all Harley lovers."

Don't miss a beat - The full range 6.5" speakers pump out 300w max, which means they are plenty loud to clearly cut through engine noise, wind and even a helmet. While the 600w max amplifier is tucked away in a factory location utilizing a model specific tray for a perfect fit every
