

Colorado Lung Cancer Advocate Urges the Family of a Navy Veteran with Lung Cancer in Colorado to Call Attorney Erik Karst of Karst von Oiste to Discuss Compensation If the Loved One Had Navy Asbestos Exposure

DENVER, COLORADO , USA, December 2, 2021

/EINPresswire.com/ -- The Colorado US Navy

Veterans Lung Cancer Advocate is urging the family of a Navy Veteran who has just been diagnosed with lung cancer to focus in on compensation if prior to 1982 he had significant exposure to asbestos on a navy ship, submarine or at a shipyard. Financial compensation for a

“

We are passionate about compensation for a Navy Veteran or person who has been diagnosed with lung cancer in Colorado and who prior to 1982 had heavy exposure to asbestos at work or in the navy.”

person like this might exceed \$100,000 depending on the specifics of their asbestos exposure. To get the financial compensation job done for a person like this the Advocate has endorsed and they recommend attorney Erik Karst of the law firm of Karst von Oiste. If a Navy Veteran in Colorado has recently been diagnosed with lung cancer and decades ago, and they had heavy exposure to asbestos in the navy-please call attorney Erik Karst of Karst von Oiste anytime at 800-714-0303 to discuss possible compensation. www.karstvonoiste.com/

The Advocate says, "We are incredibly passionate about compensation for a Navy Veteran or person who has just been diagnosed with lung cancer in Colorado and who prior to 1982 had substantial exposure to asbestos at work or in the navy. As mentioned, financial compensation for a person like this might exceed \$100,000. A financial compensation settlement for a person like this is based on how, where and when they were exposed to asbestos as attorney Erik Karst of the law firm of Karst von Oiste is always happy to discuss at 800-714-0303."

High-risk work groups for exposure to asbestos in Colorado include US Navy Veterans, workers at Fort Carson, or Cheyenne Mountain, workers at one of Colorado's 12 coal fired power plants, miners, manufacturing workers, public utility workers, plumbers, electricians, auto mechanics, machinists, or construction workers. In most instances, these types of workers were exposed to asbestos in the 1950's, 1960's, 1970's, or 1980's.

The US Navy Veterans Lung Cancer Advocate says, "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact."

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. However, there are people with asbestos exposure lung cancer in Colorado. www.karstvonoiste.com/
