

Green Globe Gold Awarded to Twenty- Eight Bastion Hotels

Currently 32 Bastion properties are certified by Green Globe comprised of 28 Gold Certified members and 4 Recertified members.

LOS ANGELES, CALIFORNIA, UNITED STATES, October 22, 2021

/EINPresswire.com/ -- [Bastion Hotels](#) are committed to a sustainability vision that focuses on key areas of sustainable management and operations. Green Globe Certification provides a reliable blueprint that can be carried out at individual properties across the Netherlands. Bastion Hotels are located in four distinct regions of The Netherlands - Amsterdam Region, Rotterdam Region, and the Northern and Southern Regions of The Netherlands.

Bastion Hotels

Currently 32 Bastion properties are certified by Green Globe comprised of 28 Gold Certified members and 4 Recertified members.

Each hotel follows key themes of sustainability as outlined by Green Globe - water management, energy management, waste management, and social and cultural awareness.

Sustainability training was organised in 2020 for all hotel managers who received the training online due to Covid-19 restrictions. Main topics discussed focussed on water, waste and energy strategies. Afterwards, Region Managers contacted individual hotels to check that employees are familiar with the content of the training. When asked for any suggestions toward improvements at each property, the two topics generally recommended by staff members were to introduce solar panels and e-car charging facilities. Currently, e-car charging points are installed at Bastion Hotel Eindhoven and Bastion Hotel Geleen.

All Bastion Hotels record waste volume and costs on a monthly basis using the Renewi online waste portal. Later in 2021, the online waste portal will also show the weight of waste per day

instead of monthly overviews. This will be carried out on request by Bastion Hotels who wish to gain further insight with more detailed data.

Bastion Hotels' complete [Sustainability Management Plan](#) is available on each hotel's website.

The 28 Green Globe Gold Certified Properties are

Bastion Hotel Almere
Bastion Hotel Amsterdam Airport
