The Mountain Peaks Family Practice medical team

“

My team and I work together to treat a wide variety of health problems, and when a diagnosis requires more than we can offer, we refer our patients to trusted specialists for their specific needs.”

Dr. Rob Durrans, lead physician at Mountain Peaks Family Practice

“My team and I work together to treat a wide variety of health problems,” said Dr. Durrans, founding physician at Mountain Peaks. “And when a diagnosis requires more than we can offer, we refer our patients to trusted specialists for their specific needs. We’re known for family care—from children to adults—along with the surgical services, acute care, and chronic care you may need. Our staff takes pride in knowing you and what you need now and in the future.”

Here is a quick introduction to each member of the Mountain Peaks team and his/her respective areas of focus:

- Dr. Robert Durrans, MD - Sports Medicine, Adult Medicine, Wellness Care, and Mental Health.
- Lisa Hall, Nurse Practitioner - Women's health, [neurology](#), and mood disorders and working

with patients over the long term to reach their health goals.

- Chelsea Marshall, Physician's Assistant - Dermatology, abdominal pain, gallbladders, hernias, and all things related to bowel, Women's Health, and Pediatric patients.

"We have been servicing Utah Valley patients for many years," said Dr. Durrans. "Since our beginnings, we have grown to be an amazing family practice today. We understand the importance of having a team of professionally trained doctors to care for you and your family. Between us, we have decades of combined experience."

If needed, the professionals at Mountain Peaks will work with a patient's insurance plan and refer them out to contracted facilities and providers so that charges will be processed in network. This includes tests, lab work, physical therapy, occupational therapy, specialists, surgical services, or anything else that may be needed. As always, they encourage patients to contact their insurance company to find out about deductibles or co-pays before tests or lab work is done.
