Cosby's regarded as one of today's most gifted performers who occupies a truly unique sense of space. She has established herself as a pre-eminent performer who exhibits an impressive range, and her genre-defying artistry immediately innovates while crafting a sonic soundscape that has built legions of avid listeners.

Possessing an all-embracing appreciation of a broader musical homogeneity that blends seamlessly into the soul of a song, with "Just Because," Cosby cultivates an original 21st-century sound that fiercely protects her hybrid of poetic purity.

Bass beats thumping, shoulders shimmying, fingers snapping -- music can be a monastic chant, a daily affirmation, a singular, sophisticated strike-up-the-band bonanza. But the ethereal quality Tiffany Cosby unspools is nothing short of showstopping starlight.
