

# Diammonium Phosphate (DAP) Market: Which Trend Will Emerge in Near Future? PhosAgro, OCP Group, Nutrien

*Rise in dependence on fertilizers because of the shrinking cultivable land and necessity for higher production of crops for the ever-growing population*

OREGON, PORTLAND, UNITED STATES, October 18, 2021 /EINPresswire.com/ -- Allied Market Research published a new report, titled, "[Diammonium Phosphate \(DAP\) Market](#) by Application (Fire Retardant, Food, Fertilizer, and Others): Global Opportunity Analysis and Industry Forecast, 2021–2030".

The report provides a detailed study of the global diammonium phosphate (DAP) market covering a number of important aspects such as current market scenario, estimates, top investment pockets, recent trends, changing dynamics, and vibrant forces

of the industry from 2021 to 2030 to identify the underlying opportunities. The report gives much focus on the prospects that may transpire in the near future and provide a significant boost to the overall market growth.

Various key factors for instance growth in income added with changing weather and soil conditions and rise in dependence on fertilizers because of the shrinking cultivable land and necessity for higher production of crops for the ever-growing population is expected to aid the growing market. Moreover, accelerative demand for firefighting products because of various policies aimed at maintaining environment, health & safety in the commercial, industrial and residential buildings and surroundings is anticipated to boost the market revenue during the forecast period. There is an increase in demand for diammonium phosphate in the agriculture market.
