

# Blockchain AI Market Statistics 2021- Jampacked Opportunities for Investors

*Increasing investments by governments and major organizations for the development of projects based on blockchain are expected to drive regional market growth*

PORTLAND, OR, UNITED STATES,  
October 18, 2021 /EINPresswire.com/ --

The rise in demand for the amalgamation of blockchain and AI in making an efficient software solution, monetization of data using blockchain

technology and advancements in the field of AI and internet of things propel the growth of the global blockchain AI market. In addition to this, big data technology solutions are expected to implement data monetization among the enterprises. Furthermore, lack of skilled workforce and implementation cost is expected to hamper the growth of the market. However, ease of implementation, growth in demand for blockchain technology, and surge in blockchain AI applications are expected to drive the growth of blockchain AI market during the forecast period.
