

STEREO DIVE FOUNDATION PRE-RELEASE NEW SINGLE "TRISTAR" AND REVEALS OFFICIAL MUSIC VIDEO

*"TRISTAR" TO FEATURE AS THE OFFICIAL
ENDING THEME SONG
FOR THE JAPANESE ANIME "MUV-LUV
ALTERNATIVE"*

LOS ANGELES, CA, October 21, 2021 /EINPresswire.com/ -- Japan's top charting producer and singer-songwriter RYOON's project STEREO DIVE FOUNDATION has revealed its [music video](#) for its newest single "TRISTAR" today on October 20th. The single "TRISTAR" had recently been pre-released on all [music streaming](#) platforms before the actual CD press version that is scheduled to be released on November 24, 2021. The new [electro-pop](#) song is full of new challenges for STEREO DIVE FOUNDATION. As the chorus melody repeats, "Do what I want and do what I need", stimulates the earworms, it draws the charm of the lyrics and the track itself like no other songs he has created. What's more to pay attention to is the strong melody and arrangement ideas. As the solid beats strongly supports the core roots, with shining synths and the gentle enveloping vocals are intertwined, just listening to the song makes you feel cozy as your heart bounces in the flow. STEREO DIVE FOUNDATION's unique sound-making technique of treating his vocals as an instrument constructs the song not only as just pop but stylish.

There are many times when people have to make choices and decisions, but at such times TRISTAR became something that can be close to you as someone who gently pushes your back."

RON (Stereo Dive Foundation)

"TRISTAR" is also sung in full English for the first time on a single for all his fans on the globe to enjoy. The English lyrics speak of his determination and positive feelings. RON says, "There are many times when people have to make choices and decisions, but at such times it became something that can be close to you as someone who gently pushes your back."

"TRISTAR" has also been chosen as the ending theme song for the anime series "Muv-Luv Alternative" where the story is about humans who wage a long battle against the

extraterrestrial species BETA, with humanoid weapons known as Tactical Surface Fighters.

STEREO DIVE FOUNDATIONS continues in producing new forms of stimulating progressive music.
