Wavenet acquires Internal Systems Limited

Wavenet IT capabilities and infrastructure boosted with the latest acquisition of Internal Systems Limited (ISL).

SOLIHULL, WEST MIDLANDS, UNITED KINGDOM, October 19, 2021 /EINPresswire.com/ -- Wavenet has announced the acquisition of ISL for an undisclosed consideration.

Following the news earlier this month of the acquisition of NTS Communications, Wavenet announces its latest acquisition of IT and security provider Internal Systems Limited. ISL was formed in 1997 to help businesses optimise their IT capabilities to gain a

Wavenet's CEO - Bill Dawson

competitive advantage. They build, deploy, and support a comprehensive range of world-class network services that are designed to be superfast, secure, and robust. The acquisition of ISL brings even more IT expertise into the wider Wavenet group as the company continues to grow its cloud infrastructure.

> "
> ISL's unbiased approach to delivering the right solution using the right products, backed up by high-quality service is synonymous with Wavenet's way of working, so is a natural fit for us."
>
> *Bill Dawson - CEO*

Bill Dawson, CEO of Wavenet commented: "ISL is a dynamic and consultative business with a team dedicated to the success of its customers. ISL's unbiased approach to delivering the right solution using the right products, backed up by high-quality service is synonymous with Wavenet's way of working, so is a natural fit for us.

The additional IT knowledge ISL brings to the group will be invaluable as we continue to grow our IT support and security portfolio. This acquisition combined with our

recent partnership with HPE GreenLake gives us an even stronger foundation to provide the very best cloud solutions to our customers across both enterprise and public sector."

Philip Grannum, Chief Commercial Officer at Wavenet also said: "It's great to be expanding our IT

and Cloud infrastructure with the ISL team joining us. Bringing more knowledge and expertise into the Wavenet group will be a huge benefit to our customers. The Wavenet Cloud portfolio, powered by HPE GreenLake, is quickly becoming a market-leading proposition with multiple large enterprise and public sector organisations trusting us to support their business."

Wavenet's financial due diligence was provided by Ed Brentnall and Rebecca Smith of Dow Schofield Watts.
