

LoanStreet to Host Second Annual Loan Participations Virtual Forum

*Participations Forum to be held on
November 16, 17, and 18 from 2:00 to
3:30 PM Eastern*

NEW YORK, NEW YORK, USA, October 21, 2021 /EINPresswire.com/ -- LoanStreet Inc. will host its second annual Loan Participations Virtual Forum on November 16, 17, and 18 from 2:00 PM to 3:30 PM Eastern Time with each day consisting of two forty-five minute discussions featuring representatives from financial institutions of all sizes (from many billions to many millions), regulatory experts and fintech companies. Financial professionals, whether loan participation novices or experts, front-office or back-office, are welcome to attend all or any of the Forum sessions upon registration.

"Following the success of our first Forum last year, it is exciting to again be bringing together industry leaders to discuss the most pressing topics in the loan participations market and the decisions facing its stakeholders. Given the persistence of excess liquidity that has typified 2021, a well-functioning loan participations market has become an instrumental channel for an increasing number of financial institutions to allocate capital and LoanStreet is proud to have been part of enabling this access," Ian Lampl, CEO of LoanStreet, said. "We believe there is yet further potential for these institutions, and others not yet active, to address their strategic needs via loan participations and that the first-hand insights from our Forum panelists will be invaluable for evaluating and accelerating any institution's participations strategy."

Panelists will be announced during the week of November 1.
