“We're excited to bring Digital Agent to the channel space as a provider with exceptional customer service, expert support, and a diverse product portfolio. There aren't a lot of providers offering this level of comprehensive managed IT and cybersecurity in the channel, and we're happy to fill that need for our partners,” said Scott Gould, Digital Agent's VP of Channel Sales.

Digital Agent is a 100% in-house provider for managed IT, cybersecurity, phone and internet. Serving businesses throughout the continental US, Digital Agent has been a leader in providing remote work solutions during the COVID-19 pandemic and has launched new cybersecurity initiatives in light of the global surge in cybercrime.

Compared to other providers, Digital Agent stands out with their commitment to superior customer service, a team-based approach to problem solving, and wide-ranging technology expertise. Most importantly, Digital Agent treats clients as partners, not just customers; they provide fully customizable IT and cybersecurity solutions, along with proactive monitoring and

regular vCIO meetings. As a company, Digital Agent's priority is expanding their managed IT client base, with a focus on cybersecurity and BCDR – essential services in a day and age of frequent ransomware attacks.
