Brilliant Scents "Bliss"

The intuitive inventors at Brilliant Scents take it one step further with the coveted Spa collection. Each of the seven scents arouse the feeling of calm and well-being with names like Bliss, Cloud 9, and Harmony. The curated notes calm the atmosphere while leaving a signature aroma. Users rave about the coconut milk and whipped amber in SERENITY as it wraps them in a light mist of wonder and relaxation.

Each home fragrance works in collaboration with all three of their LX systems. Users who opt for the tiny but mighty LX500 elevate smaller spaces up to 500 square feet. Other homeowners level up to the powerful LX3000 which easily connects right into the vent or airduct. The mist comes out of the HVAC unit and spreads through the entire home evenly just like the hotel lobbies use.

Whatever the occasion, no in-person gathering is complete without the next level in luxury home fragrance.
