

Mythbuster Tory Belleci Gets to THE TRUTH ABOUT TECH in New YouTube Series

Online show attempts to expose the facts behind the buzzwords, separating rumor from reality

SAN FRANCISCO, CALIFORNIA, USA, October 21, 2021 /EINPresswire.com/ -- Television host and Mythbuster Tory Belleci has launched a new online series The Truth About Tech. [The series consists of 10-15 minute episodes](#) in which Tory discusses hot tech topics with experts, in a light and fun fashion. The show is now viewable on YouTube and Instagram, with new episodes debuting weekly.

A New Approach to Talking About Science & Technology

Instead of the traditional slow-exposition style followed by the majority of broadcast and cable shows that cover scientific and technological subjects, by running solely online The Truth About Tech isn't required to drive the viewer through multiple commercial breaks in order to get to the real information. The show is supported by [sponsors](#) with only one promotional piece during a given episode. The rest of the time is dedicated to Tory in conversation with interesting and knowledgeable gurus on highly topical subjects.

"We all experience technology in our daily lives," said Builder and Mythbuster Tory Belleci. "In this series we'll explore what's really going on under the hood by speaking with true experts. It's going to be fun and useful to anyone who wonders what is The Truth About Tech?"

Episodes feature guests from many facets of technology -- in the first installment, Tory talks with [NASA Astronaut Garrett Reisman](#) about the Billionaire Space Race – viewable now at <https://youtu.be/K2cCssNQ1dc>
