

Sparx Services North America Announces the Launch of Prolaborate 4

Prolaborate 4 empowers the entire organization with improved architecture insights, collaboration to deliver better business outcomes.

NEW RICHMOND, WISCONSIN, UNITED STATES, October 21, 2021

/EINPresswire.com/ -- Sparx Services North America today announced the release of Sparx Systems [Prolaborate 4](#). The innovative collaboration platform is offered as part of the Sparx Systems architecture management platform, enabling organizations to

maximize the value of architecture insights. Designed for the cloud with faster performance and a simplified interface, Prolaborate 4 includes new features that allow enterprise, business, and solution architects, architecture leaders, IT leaders, and business analysts the ability to share

“

Today's modern business needs more than just modeling tools. It requires an architecture management platform that empowers an entire organization to reap the value from architecture insights.”

Operations, Sparx Services
North America.*

architecture models through a browser with non-modelers, create interactive dashboards to communicate architecture insights, collect feedback and collaborate with stakeholders directly, and conduct reviews and document approvals without the need to leave the platform.

“Prolaborate is an essential element of the Sparx Systems architecture management platform. Today's modern business needs more than just modeling tools. It requires an architecture management platform that empowers an entire organization to reap the value from architecture insights. Prolaborate helps make that happen. This launch will be a must-attend event for enterprise, business, and solution architects who want to deliver more value from the architecture work. We are thrilled to be able to include

our North American customers the opportunity to participate in the [launch of Prolaborate 4](#).” said Ryan Schmierer, Vice President Operations, Sparx Services North America.

Your go-to source for Sparx Systems Architecture Tools, Training and Consulting

“We have listened to our customers and heard them loud and clear. This release offers the features and improvements our customers have been asking for in Prolaborate. Our team is excited to elevate the Sparx Systems Enterprise Architect value to organizations and businesses with all revolutionary features and integrations in Prolaborate 4,” Nizam Mohamed, the founder of Prolaborate.

Prolaborate
