Archlet, provider of best-in-class sourcing, analytics, and scenario optimization capabilities

Archlet provides best-in-class sourcing, analytics, and optimization capabilities combining Artificial Intelligence and mathematical optimization to significantly improve the tender analysis and evaluation process in strategic sourcing. With Archlet, manual and time-consuming processes are intelligently transformed while tedious and error-prone Excel analytics become obsolete altogether. For organizations using SAP or SAP Ariba-based sourcing software, apsolut supports the development of custom integrations to Archlet.

„In their mission to make strategic sourcing more intelligent and user-friendly, apsolut and Archlet are well-aligned“, explains Christoph Menne, Partner at apsolut. „With this partnership we enable our customers to deliver seamlessly integrated and optimized sourcing processes even faster.“

Using the Archlet Sourcing Optimization app to enhance SAP Ariba solutions allows customers to:

- Utilize relevant information from their ERP system and other sources and make them actionable
- Increase the sourcing data quality with automated error and outlier detection
- Reduce tender cycle times by eliminating manual Excel-based analysis
- Highlight negotiation opportunities on a supplier level for improved savings delivery
- Make [holistic sourcing decisions](#) that reflect business constraints and requirements

Our partnership with apsolut allows us to deliver customized integrations between SAP & Archlet even faster, so customers can integrate Archlet even deeper into their processes & system architecture.”

*Tim Grunow, Co-Founder and Managing Director of Archlet*

“The partnership with apsolut allows us to deliver customized integrations between SAP and Archlet even faster”, says Tim Grunow, Co-Founder and Managing Director at Archlet. “Our customers can now integrate Archlet even deeper into their existing processes and system architecture to make holistic sourcing decisions while achieving best possible cost savings.”
