“

Burns has produced a compelling book packed with front-line experiences and a deep understanding of the plight of primary care. If you want to understand the obstacles and solutions, read this book.”

Garrison Bliss, MD, Founder of the Direct Primary Care movement

years of medical practice experience, practicing primary care physician Troy A. Burns, MD has written a book for patients that details why it is so difficult to access doctors and what can be done about it. [Medical Answers Now!](#) explains how Direct Primary Care (DPC) delivers better, faster and more affordable primary care for families and businesses. The book is available now in paperback and Kindle eBook on [Amazon.com](#).

Dr. Burns makes the case for primary care and explains the value of high-level access to a personal doctor who knows you and is always available. This book further explains why accessing medical care in a timely manner is so frustrating and how new care models are superior to

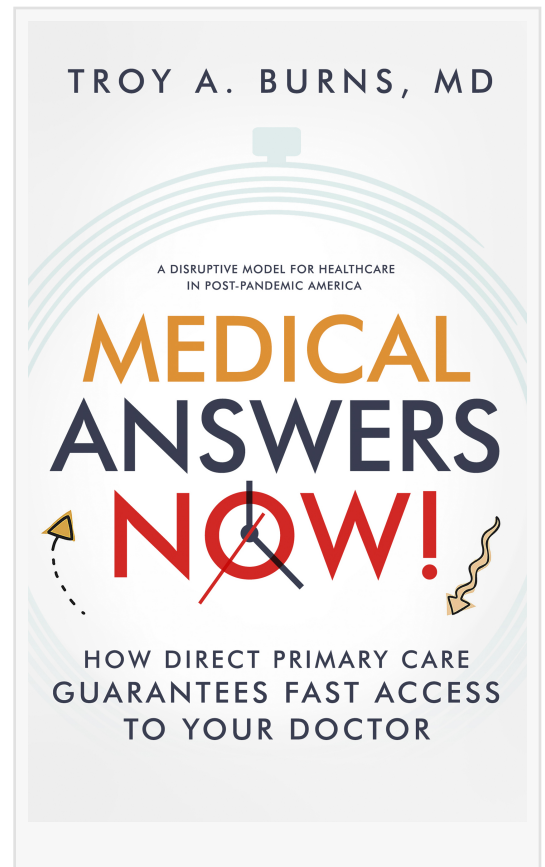

the traditional fee-for-service approach. Medical Answers Now! also explains how to establish care with a DPC physician and gives guidance to employers on how to build health benefits around guaranteed access to primary care to deliver better care for employees and cost savings to their companies.

Medical Answers Now! is available now on Amazon.com.
