Attendees can navigate industry 4.0 challenges and opportunities in Aerospace IT. The speakers will examine the work done so far to prove the business case, then look ahead to how enabling technologies, regulatory changes, and financing and private investment will make these ideas a reality. The crossover between emerging technologies and fields like AAM is undeniable and feeds into a singular aviation ecosystem. The conference will include speakers from Lilium, Luftcar, Regent, SkyPorts and more. The event's partner sponsor is Crown, TE Connectivity is the premier sponsor, and thought leader sponsors are Aria and Regent. See the full agenda [here](#).
